MEDICAL ASSISTANTS (MA) AND NURSE PRACTITIONERS

Corry Boot-van der Molen and Margreet de Jong, both medical assistants, make appointments with your GP or nurse practitioner. They are also able to answer questions on health issues and can give advice about how to deal with common diseases. The medical assistants do tests on blood and urine, give injections and in some cases treat the patient autonomously for instance in the removal of warts.

The nurse practitioner Baukje Klaver-Kloosterman can be consulted about diabetes, copd and elderly with a vulnerable health condition. She also runs on the project "stoppen met roken (quit smoking)".

Nurse practitioner Jaëla van Dam treats patients requiring psychological counseling.

APPOINTMENTS

Visits to the GP are by appointment only. They are normally scheduled for 10 minutes. Please ask the assistant if you need more time to

explain your health concern or if you have more issues to discuss with the GP.

HOME VISITS

A home visit can be made, normally middays, should you be unable to visit your GP due to serious health issues. In order to arrange a home visit, you can phone the office in the morning between 8.00hrs. until 10.00hrs.. Sometimes people expect a call by the GP after dismissal from the hospital. In case of uncertainty about this you can always ask the medical assistant.

APPOINTMENTS (TELEPHONE)

An appointment for telephonic consultation can be arranged by the medical assistant. Normally the GP calls you between 13.00hrs. and 13.30hrs.

FIRST AID

During workdays, the practice can always provide first aid when necessary. Please call ahead the practice when you require first aid. Between 12.00hrs. and 13.00hrs not everybody is present in the office. In case of emergency call 050 4031341 (+1). **There is always a GP available for consultation in case of emergency when dialing this phone number.**
